WORK EXPERIENCE

User Experience Design Intern   Apr, 2015 - Jun, 2015
Musejam (startup)

- Worked with the founder to design screens for the website that helped users discover India's live music scene and follow artists.
- Used Sketch and Photoshop to prepare wireframes and production ready assets for the website and mobile.
- Used Mixpanel to analyze user activity.

Co-Founder and Developer   Apr, 2014 - Mar, 2015
StagePotato

- Learned CSS and jQuery to co-develop and design a website which bridges the gap between artists and people needing their services.
- Interviewed different kinds of artists for feedback and inputs.

Software Developer   Nov, 2011 - Apr, 2014
Nucleus Software Exports Limited

FinnOne Production Support for Reliance Capital Limited, Mumbai
Oct, 2012 - Aug, 2013

- Production support for three modules of FinnOne.
- Successfully moved enhancements, policy setups to production.

Implementation of Enhancements for ING Vysya, Bangalore
Aug, 2012 - Sep, 2012

- Implemented more than 30 small enhancements.
- Daily interaction with client and users for solutions and issues.
